## SKILLS

### AI & AGENTS

Azure AI Foundry · MCP servers

### AI DEV TOOLS

Claude Code · GitHub Copilot

### LANGUAGES

C# / .NET · Python · JavaScript · SQL · C++

### CLOUD & INFRA

Azure · AKS / Kubernetes · Docker · Azure DevOps · CI/CD

## EDUCATION

**M.Tech, Cyber Security**
BITS Pilani
2023 – 2024 · CGPA 9.15

**B.Tech (Honours)**
IIITDM Kancheepuram
2016 – 2020 · CGPA 9.24

## RECOGNITION

- Special Stock Award
  Microsoft · 2024
- GATE 2021
  All India Rank 613
- ACM-ICPC Regionals
  Competed 2 years
- Technical Advisor
  FSRTI · volunteer

# Sankar Mantripragada

Software Engineer II · AI Agents & Cloud Backend

6+ years at Microsoft building high-scale .NET and Azure services. Now building AI agents end to end: tools, MCP integrations, evals and UI. Works AI-first with GitHub Copilot and Claude Code.

## EXPERIENCE

### Microsoft

2020 – Present · Hyderabad

**Software Engineer II** 2023 – now · Software Engineer 2020 – 23 · Intern 2019

- Built an **agent that tells leadership whether projects are on track** by reading other teams' backlogs. Agent Framework, AI Foundry, Azure DevOps MCP, evals.
- Built a **vision agent that grades pallet and carton damage** from photos and recommends next steps. Owned the prompt workflow, evals and UI.
- Designed **high-scale .NET/Azure APIs** for supply planning, device repair and warranty; helped move workloads to AKS.
- Led **~10 vendor engineers** to ship a test platform that cut test cycles **from weeks to days**.
- Built shared telemetry and resilience libraries that kept services up during downstream outages.
- Led a rules engine that automates startup application reviews for Microsoft for Startups.

### Datafoundry.ai

2019 – 2020 · Chennai

**Research Intern**

- Built CNN models to predict adverse drug reactions; published in a peer-reviewed journal.

## PROJECTS & WRITING

**Home server** · github.com/mavsankar/HomeServer
25+ self-hosted services with Docker, GitOps CI/CD, monitoring and local LLMs. Built and run with Claude Code.

**Blog** · blog.mavsankar.com
I write about whatever I'm working on and want to share, such as AI agents, Azure OpenAI and a 7-part homelab series.
